

6. Sealed cartridge system

5. Varying skin densities

5. Varying skin densities

6. 3.5mm mark

1. 3.5mm:  
balanced  
all-around work

2. Fine line work

3. 4.2mm: faster  
color packing

4. 5.0mm: heavy  
saturation  
conditions

6. Sealed  
cartridge  
system

4.2mm

5.0mm

5.0mm

Three fixed-stroke categories optimize penetration rather than utilizing a single complicated adjustable mechanism.  
**PURPOSE-BUILT STROKES FOR SPECIFIC SATURATION CONDITIONS.**
